

Hello Valued Patients, Families, and Friends,

My name is Dongkook "DK" Lim - and given my name is DK, it feels like I was meant to be a kid's dentist who fights tooth "decay"!

I am truly humbled and honored to take care of you and your beloved young ones as the 3rd-generation pediatric dentist here at Alderwood Children's Dentistry.

I take great pride in giving my very best to deliver personal care to every child.

As your child's dentist, I promise to work closely with our awesome team to make sure all your concerns are addressed, and to give your child a great experience that makes a lasting, positive impact.

Please feel free to talk to me about anything and everything – I am a curious soul, who enjoys all sorts of food, fun, sports, and travel.

I speak for all of us at Alderwood Children's Dentistry when I say, ***Thank You*** for your continued loyalty and trust in us.

I eagerly look forward to meeting and growing with you and your family.

Sincerely,

Dongkook Lim, DDS – “Dr. DK”
